- Quick look at Exercises 03a and 03b
- Intro Exercise 4

# Quick Look at Exercises 3a, 3b

- How did you progress?
- Do you need some more time?

- Keyword Spotting Task
- Data, Info on Github  
[https://github.com/lunactic/PatRec16\\_KWS\\_Data](https://github.com/lunactic/PatRec16_KWS_Data)
- Focus on the Data for now
  - Good methods will follow in two weeks

- What can you do now:
  - Analyze the data
  - Preprocess it (this list is not exhaustive)
    - Binarize
    - Skew Correction
    - Create word images
  - Compute some features and apply KNN
